## MESSAGE

Dear Friends,

On behalf of Telangana State Chapter of IRIA it's indeed a great honor to wish you all a very educative 2023 and welcome you for the 7<sup>th</sup> KARE Programme.

Telangana State Chapter of IRIA has been continuously striving hard to educate our members by organizing various academic sessions throughout the year. We have initiated teaching program in Physics, Radiological Anatomy and Physiology to our young post graduates which has been appreciated by each and every one.

It is our strong wish to have a good training module for our exam going post graduates to prepare them to not only face the exams with clear conviction and greater confidence but also prepare them to face the challenges in their future endeavors.

With this goal in mind we have started " KARE " under the able guidance of a dedicated scientific team.

In order to achieve this, we are inviting eminent national and local teachers to share their experience and guide the young budding Radiologists to face the challenging world in future. It is a three day program constituting Quiz, lectures, discussions and interactive sessions and starting Prof. V.S.V. Rammohan Memorial Oration from this year.

We sincerely extend a warm invitation to all the students to make use of this scientific endeavor and reap the benefits.

Best wishes
