

RAC

4th Radiologic Anatomy Course

On Digital Platform

22nd & 29th November 2020

Organised by:
Indian Radiological & Imaging Association
Telangana State Chapter

MESSAGE

Dear Friends and Students,

On behalf of the IRIA TS Chapter, we take immense pride and pleasure in inviting you to the 4th Radiologic Anatomy Course (virtual) on 22nd and 29th November, 2020. We have been successfully organizing this course since 3 years and we have always received continuous support and appreciation from all over the fraternity.

The Radiologic Anatomy Course is unique in the sense that it places Radiological Anatomy as the central theme, around which the whole course is modelled. We aim to create an academic platform in which the best of resources are brought to the access of students who choose to enroll in the course. This time around, we have placed greater emphasis on a variety of topics in order to enable dissemination of quality knowledge.

Come and join us in this academic endeavor.

Dr. Venkat Ram Reddy

President, IRIA TS Chapter
& Organising Chairman

Dr. Ravuri Power

General Secretary, IRIA TS Chapter
& Organising Secretary

Why this course ?

This course comprising of Anatomy will lay solid foundation for future understanding in the field of Imaging.

Highlights of the course

Faculty are mostly actively practicing clinical Radiologists with keen interest in certain sub specialities. It is a combination of experienced and young dynamic speakers with excellent track records. Radiologic Anatomy Exam Questions of last 10 years will be covered.

Video clippings are included, where relevant.

Each lecture has few MCQs to make lectures inherently interactive.

Radiologic quiz based on FRCR pattern will be conducted. First three rankers will receive prizes.

Who should attend this Course ?

All Radiology PGs doing MD, DMRD, DNB should attend at least once, preferably in first year.

Students targeting FRCR, EDiR or other fellowships.

Nuclear Medicine PGs and Consultants.

PGs pursuing Anatomy, General Medicine, General Surgery.

MBBS doctors who aspire to become Radiologists in future.

All MBBS students when they are approaching Anatomy exams.

TOPICS

Radiologic Anatomy of Brain

Orbits & PNS

Temporal Bones

Neck

Thyroid Gland

CV Junction

Spine

Breast

Heart

Peripheral Arterial System

Peripheral Venous System

Respiratory System

Pulmonary Circulation

Mediastinum

Great Vessels

Diaphragm & Chest Wall

Shoulder Joint

Other Joints of Upper Extremity

Pelvis & Hip Joints

Knee Joints

Ankle and Foot

Liver & Spleen

Biliary Tree & Pancreas

Oesophagus, Stomach & Duodenum

Jejunum, Ileum, Colon & Anorectal Canal

Peritoneal and Retroperitoneal Spaces

KUBU

Male Genital Tract

Female Genital Tract

Radiologic Quiz
