MESSAGE

Dear Friends and Colleagues,

It gives us immense pleasure and privilege to welcome and invite you to our 2nd Radiologic Anatomy and Physiology Course from 14th to 16th December 2018 at KIMS Hospital Auditorium, Begumpet, Secunderabad.

1st Radiology Anatomy Course which was conducted last year was a huge success. With this enthusiasm we are conducting this 2nd Course with Physiology being added to this course. Physiology is the basis of any disease pathology and with future Imaging is Molecular Imaging so Physiology is added to this course. With this intent Telangana State IRIA will be conducting this course in 3rd weekend of December every year.

The highlights of this course will be interactive MCQs in every lecture and Quiz for post graduates with prizes

With this we cordially invite to attend this Course.

Dr. Veeraiah K.

President T S Chapter &
Organising Chairman

Dr. L T Kishore

Chief Course Coordinator

Dr. Sikandar

General Secretary T S Chapter &
Organising Secretary

Why this course ?

This year apart from Anatomy, Radiologic Physiology is also included. It will lay solid foundation for future understanding in the field of Molecular Imaging.

RAP Course will be conducted in the 3rd weekend of December every year.

Highlights of the course

Faculty are mostly actively practicing clinical Radiologists with keen interest in certain sub specialities. It is a combination of experienced and young dynamic speakers with excellent track records. Radiologic Anatomy Exam Questions of last 10 years will be covered.

Relevant Physiology pertaining to imaging will be emphasized.

Video clippings are included, where relevant.

Each lecture has few MCQs to make lectures inherently interactive.

Radiologic quiz based on FRCR pattern will be conducted. First three rankers will receive prizes.

Who should attend this Course ?

All Radiology PGs doing MD, DMRD, DNB should attend at least once, preferably in first year.

Students targeting FRCR or other fellowships.

Nuclear Medicine PGs and Consultants.

PGs pursuing Anatomy, General Medicine, General Surgery.

MBBS doctors who aspire to become Radiologists in future.

All MBBS students when they are approaching Anatomy exams.
